

Prospectors Restaurant and ARI Fleet Services in Mt. Laurel Treat 80 Camden Children to Breakfast with Santa And Christmas Gifts

Eighty (80) elementary school students, many of whom participate in Woodland Community Development Corporation's (WCDC) after-school enrichment program – traveled to Prospectors Restaurant in Mt. Laurel, NJ for WCDC's annual Breakfast with Santa. On December 17th, each child got the chance to visit with Santa and receive a wrapped Christmas gift donated by ARI, which is also headquartered in Mt. Laurel.

The Kindergarten through sixth grade students attend HB Wilson Elementary School, Lanning Square School and Cooper B. Hatch Family School in Camden. Many of them participate in WCDC's Mary Esther Williams Homework Centers.

Prospector's Owner Jack Clowar donated a hearty breakfast for all the kids, chaperones and volunteers. ARI's Senior VP Bill Kwelty joined in the festivities as well. Proceeds from WCDC's annual fundraiser were used to transport the kids to and from their schools for the 10 am breakfast.

The morning included traditional Christmas song sing-alongs lead by Cooper Hospital's Dianne Hyman, Martial Arts demonstrations by David Hyman and Matt Greer, and a photo with Santa. Several volunteers were also on hand serving and distributing gifts.
